

Provision of PE and Sport at Banks Lane Infant School 2016-17

Details of provision of PE and Sport at Banks Lane Infant School

“At Banks Lane Infant School we aim to provide education in a safe and supportive learning environment. We believe that physical education and healthy living promotes qualities such as enjoyment, perseverance, enthusiasm, tolerance and reliability.” PE Policy 2013

Government Funding

April 2016-2017 Government Funding = £8893

This year every school has received additional funding for PE from the government as a result of the Olympic Legacy 2012. At Banks Lane Infant School we are striving to ensure the funding is spent in the best possible way to develop and promote children’s physical development and personal qualities. We are using the funding to enhance the physical education curriculum and to encourage a healthy and active lifestyle.

Over the past year we have used Sports Premium funding to develop and promote children’s physical development, personal qualities and to enhance a love for a healthy and active lifestyle.

A whole school focus on happy and healthy lunchtimes has included a range of events including a structured training programme for the Midday team. Children in Year Two have trained as Playleaders and promote happy, healthy and active lunchtimes. Feedback from children, teachers and midday staff emphasise the positive impact on learning in the afternoon and a greater love of sport and physical education.

From buying back into Stockport Schools Sports Partnership we have supported staff in the delivery of high quality PE lessons. This enabled us to improve the quality of existing PE teaching through continuous professional learning, so that all the children could improve their health, physical literacy, and have a broader exposure to a range of sports. Banks Lane Infant School was awarded six Physical Education awards including ‘The Commitment to teaching High Quality PE’ award and the ‘Physical Education Innovations award’. We also continue to monitor our ‘Healthy School Status’. Each day our school breakfast club promotes healthy eating and encourages children to eat a range of fruits, enjoy a healthy breakfast and make choices from a variety of healthy options.

Whole school links have enabled us to provide the children with some fantastic motivational speakers and outside agency involvement. Yoga workshops across the school have introduced children to something new and embedded a positivity towards health, wellbeing and fitness. Freddie Fit promoted a love for exercise and our Scooter Festival further developed Growth Mindsets. We have attended multi-skills festivals throughout the year developing and sustaining a good relationship with Stockport School. We have also taken part in skipping challenges that enabled all the children to develop their co-ordination, balance, resilience, concentration and Growth Mindset! Be Active across the ages was a huge success with our Year One families this year. This encouraged every member of a family to get involved with sport and promoted physical and healthy lifestyles across all ages including parents, grandparents and toddlers.

This year we are taking the opportunity to sustain and develop our excellent practice so the children can have a fulfilling and enjoyable PE curriculum. Alongside this we will continue to work with Stockport Schools Sports Partnership who will support and develop staff in their delivery of high quality PE lessons. We are looking forward to working with outside agencies e.g. West End in Schools during our Reading Fortnight, Tai Chi sessions and continuing with Yoga workshops to offer

our children a fun-filled curriculum. Termly monitoring and assessment throughout the whole school will ensure continuity and progression. We are aiming to focus on the 2017 London Athletics Championships.

Dance club will begin in the Spring term to create an athletics themed Wake and Shake routine. The group that has been selected from year 2, are Pupil Premium children who have shown a keen interest and are inspired by dance. We hope to continue our success from last year and perform at Stockport Plaza at the end of year award ceremony.

We will be entering competitions led by Stockport Schools Sports Partnership this year, including the dance competition, poster design, photography competition and writing a report based on a sporting event at our school. The government funding is now giving us the opportunity to develop our resources, consolidate our excellent practice and provide a broad and balanced curriculum for every child and Banks Lane Infant School.
